Puro

Design | Alexander Gufler, Todus

To round off our in-house Puro collection we teamed up with Alexander Gufler, who designed for us a stylish and comfortable armchair made from stainless steel and resilient textile Batyline that perfectly complements our popular Puro tables. The dining tables from this collection are favoured for their discreet elegance and simplicity. They are available in an extendable version and made-to-measure sizes.

Spojili jsme se s designérem Alexandrem Guflerem, abychom završili naši domovskou kolekci stolů Puro. Alexander Gufler pro nás vytvořil pohodlné a stylové křeslo Puro z nerezové oceli a odolné textilie Batyline, které krásně doplňuje celou kolekci. Jídelní stoly z této kolekce jsou oblíbené pro svou diskrétní eleganci a jednoduchost a jsou dostupné také v roztahovací verzi a v rozměrech na míru.

Puro armchairs (white 110, white Batyline 510), Puro table (white 110, ceramic top in white 210)
